

ECDP March Newsletter

Easter - Resurrection Eggs

Throughout March, ECDP students will be learning the true meaning of Easter. An egg will be hidden every other day for students to find. Inside is an object representing a part of the Easter story, as well as where to read about it in the Bible. Centers will have the same focus as well.

The eggs will also be used to teach patterns, numerals and counting.

We will continue to talk about the Zones of Regulation in relation to people's emotions as the Easter story progresses.

Covid 19 Information

Please remember to do a daily assessment of your child's health before sending them to school.
